CLEAR PROOF®

BENEFITS AND CLAIMS

In an independent consumer study†, 8 out of 10 people said that the Clear Proof™ Acne System clears up pimples fast! Here's what else they had to say†:

- My complexion looks clearer – 84%
- Helps clear up pimples better than what I've been using – 77%
- Reduces the severity of acne blemishes – 82%
- Fades the look of lingering acne spots – 80%
- Minimizes the appearance of pores – 85%

†Results reflect the percentage of panelists who agreed with the statements during a three-week independent consumer study.

YOU'LL WANT TO TRY THIS IF:

- You are looking for an effective yet gentle regimen for treating your mild to moderate acne.
- You are a teen or a mom who buys acne products for your teen and want a multi-faceted approach to clearing up blemishes and preventing new breakouts from forming.

THE SCIENCE BEHIND THE PRODUCT:

The Clear Proof™ Acne System uses a combination of salicylic acid and benzoyl peroxide to attack the multiple factors that can contribute to acne breakouts. Salicylic acid acts like an exfoliant to promote the easy removal of dead skin cells. As such, it helps keep pores unclogged and reduce the build-up of *P. acnes* bacteria. Benzoyl peroxide (BPO), on the other hand, is an oxygen-releasing ingredient that kills bacteria. *P. acnes* bacteria flourish when there's a lack of oxygen, like in a clogged pore. By creating an oxygen-rich environment, BPO can help reduce the number of *P. acnes* bacteria that can cause lesions to form. It also can help in dissolving the buildup of dead skin cells.

Deep Cleansing **CHARCOAL** MASK

Skin has a natural exfoliating process. Sometimes this process doesn't work as effectively as it should, so oil, bacteria and impurities get trapped inside pores.

The Clear Proof® Deep-Cleansing Charcoal Mask helps remove the dirt and impurities that can contribute to problem skin and offers a gentle solution for supporting a clearer-looking complexion.

- The formula delivers a gentle cooling sensation as you smooth the formula across your skin.
- Extracts of Rosemary and Peppermint are antimicrobial, antibacterial and antiseptic, protecting the skin from bacteria and infection. These extracts also deliver a fresh scent to awaken your senses.
- Honeysuckle works as an antioxidant so it is also protecting the skin; preventing bacteria and infections.
- Honeysuckle and Navy Bean extracts work to target the appearance of skin discoloration and help soothe skin.
- Small amounts of Salicylic Acid work to dissolve dead skin by mildly exfoliating and purifying the skin, to prevent pores from clogging.
- Formulated with the absorbent power of Kaolin and Bentonite Clays, this mask instantly absorbs excess oil and reduces shine.
- When charcoal goes through a special heating process, it becomes activated, making it more porous. Activated Charcoal is known to absorb up to DOUBLE its weight in impurities. It digs up to 3 layers deep, acting as a magnet as it pulls out impurities and unclogs pores, taking skin beyond everyday clean. As a result, your complexion looks clearer and healthier, and pores appear minimized.
- This mask dries as it goes to work gradually becoming lighter the longer you wear it.
- For all skin types

For skin you'll love year after year!

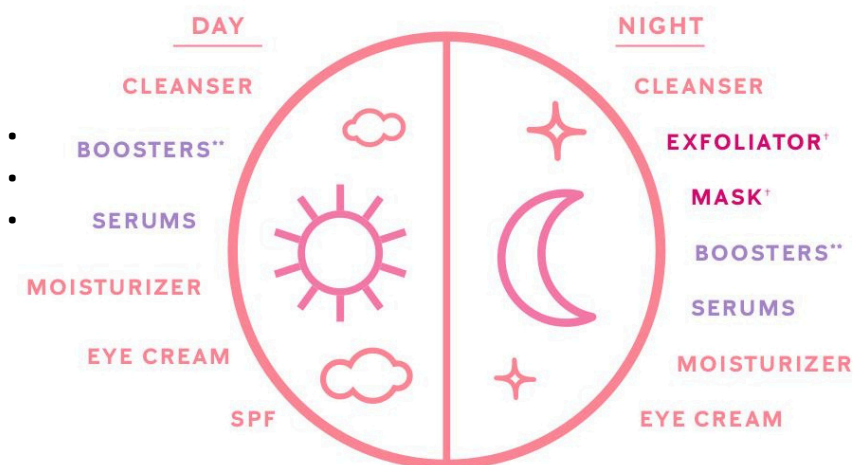

Skin has natural defenses to help protect itself and recover from damage. But day after day, your skin is exposed to environmental stressors that can overwhelm its defenses and speed up visible skin aging. Our scientists' deep understanding of what causes premature skin aging led them to identify the right combination of ingredients to help skin look its best as you age. In fact, **did you know that only 20% of most visible skin aging is from the natural aging process?** The rest? You can help protect against.

how to

GET THE MOST OUT OF YOUR SKIN CARE

Establishing a consistent skin care routine helps keep your skin healthy and happy. When it comes to applying products effectively, a great rule is to **organize your regimen based on the weight of the formula**. Lighter formulas such as boosters and serums are applied before heavier formulas such as moisturizers. Following this order of application ensures that your skin is receiving the **maximum benefits** of each product.

Not all products are meant to be used every day, so use this guide to make sure that you're applying products in the **most effective order** and **with the proper frequency**. Remember, your core skin care products are part of both your day and night routines.

If you are incorporating Mary Kay Clinical Solutions® Retinol 0.5 into your skin care routine, see Pages 2 and 3.

PRODUCT FACT SHEET *TimeWise® Miracle Set®*

TimeWise® Miracle Set® helps skin look its best longer. With just three easy steps, it helps support skin's critical needs during the day and unique function at night while adding a moisturizing SECOND INFUSION of the *TimeWise 3D® Complex* both day AND night.

TimeWise 3D® Complex and the ABCs of Skin Care

The *TimeWise® Miracle Set®* is powered by the *TimeWise 3D® Complex*, which is included in every product. Available in skin-specific formulas, this set **defends the skin from age-accelerating free radicals; delays the look of premature skin aging with broad spectrum UVA/UVB protection; and delivers visible improvement of multiple signs of skin aging.**

This scientifically proven, extensively researched and effective complex provides **three critical dimensions of skin support.**

Think of it as the ABCs for skin: Antioxidants, Brightening and Collagen.

Antioxidants fight free radicals, which are known to accelerate the look of skin aging and are caused by environmental factors.

The **encapsulated resveratrol** found in the *TimeWise 3D® Complex* provides triple antioxidant benefits and is shown to counteract the negative effects of free radicals on skin while working in harmony with natural antioxidants** to help support the skin barrier.

Brightening, or radiance, often diminishes when skin is unhealthy or when skin is compromised by sun damage that appears as dark spots. Daily SPF and proper skin care are must-haves to help reinforce the look of a radiant, even tone.

Vitamin B3, a well-known brightening superpower, targets the look of uneven skin tone, and encapsulated resveratrol helps promote more even skin tone.**

Collagen starts to deplete as we age. Beginning in your 20s, you produce approximately 1% less collagen in the skin every year – year after year. By supporting skin's natural collagen, you're reinforcing one of its main building blocks that helps keep skin plump and resilient.

An **age-defying peptide** supports skin's natural collagen and elastin,** and **encapsulated resveratrol** supports skin's natural collagen** to help improve the look of fine lines and wrinkles.

TimeWise Microderm Plus set® – Retail \$58

Get the look of polished, younger skin and significantly smaller pores

**See these benefits after using
TimeWise® Microdermabrasion
Plus Set:**

- Dramatically improves skin texture
- Visibly improves the look of fine lines
- Immediately pores look smaller
- Makes skin high-definition-worthy
- Physically removes Top layer of skin. It contains Aluminum oxide crystals, that polish the skin for smaller looking pores —same as the Dermatologist uses.

→ **Microderm is a two-step process that uses aluminized crystals (same grade spas use). They are little small circles that buff and shine dead skin cells and then help close your pores. For best results, use two or three times a week,**

BENEFITS

Microdermabrasion Refine is a physical exfoliator that reduces the appearance of fine lines and gently refines skin's texture as it removes surface dead skin cells and build-up from pores. Pore Minimizer goes beyond skin texture to tighten the look of pores. With pores cleared of build-up and dead skin cells, Pore Minimizer works immediately to reduce their appearance. And the results get better over time.

The Pore Minimizer nourishing serum helps calm and comfort skin. It's the perfect after-step to Microdermabrasion Refine to reduce any appearance of redness and soothe delicate skin. Working together 2-to-3 times a week, both products dramatically improve skin texture for a high-definition-worthy complexion.

THE SCIENCE BEHIND THE PRODUCTS

Congested pores can lead to stretching of the pore wall, making them look enlarged. Eliminating impurities trapped within is an important first step toward improving their appearance. Persian silk tree bark extract and soy bean extract in Pore Minimizer are shown to support factors important to skin +, which may help tighten the look of skin overall and around pores.

Skin calming and comforting benefits on skin's surface provided by Pore Minimizer are assisted by sea whip extract and evodia fruit extract. These two ingredients have been shown to support signals associated with skin calming and comfort+.

Visible results in one week! Women who tried the Microdermabrasion Plus Set in an independent consumer study saw results:

APPLICATION INSTRUCTIONS

After cleansing, 2-3 times a week apply a small amount of TimeWise® Microdermabrasion Refine to wet face with fingertips. Using circular motions, gently massage over face. Rinse thoroughly with warm water and pat dry.

Use fingertips to apply 2-3 pumps of TimeWise® Pore Minimizer to face in an upward and outward motion.

Follow with your regular moisturizer. The Pore Minimizer can also be used daily, twice a day, to reduce the appearance of pores.

TimeWise Repair Supplements:

TimeWise Repair® Deep Wrinkle Filler - Suggested Retail \$50

→ Regimen targets the multiple signs of advanced skin aging, TimeWise Repair® Volu-Fill® Deep Wrinkle Filler has a single focus – to give deep wrinkles the extra attention they need.

Deep wrinkle filler immediately fills in deep wrinkles. Encapsulated hyaluronic acid and flexible elastomers work together to effectively blur the appearance of wrinkles so you look more youthful.

The encapsulated hyaluronic acid stays where it's put – within deep wrinkles and lines – to fill in empty spaces and create a more uniform, even surface

Flexible elastomers are special microscopic fibers that provide a foundation for the encapsulated hyaluronic acid so it can have the most dramatic effect. The key word is "flexible," so you don't have to worry about making facial expressions or having that frozen-face look.

It visibly plumps the appearance of deep wrinkles. Encapsulated hyaluronic acid acts as a moisture magnet, attracting skin moisture to help deep wrinkles look visibly plumped.

Deep wrinkles are targeted by retinol, helping to minimize their appearance over time. TimeWise Repair® Volu-Fill® Deep Wrinkle Filler significantly impacts the appearance of all six wrinkle zones.*

Forehead creases, Between-the-brow creases, Crow's-feet, Smile lines, vertical lip lines and Marionette lines

Results based on assessment of improvement by an independent skin measurement expert after an eight-week independent clinical study in which 45 women used the product morning and night.

TimeWise Repair Revealing Radiance Facial Peel - Suggested Retail \$68

→ With glycolic acid...This CHEMICALLY exfoliates the top 3 layers, breaking apart the bonds connecting thousands of dead cells so they can be released and plumper, fresher cells can take their place. This smooths skin, reducing the “hills & valleys” associated with a drier rougher texture. MK paired the glycolic acid with an exclusive blend of calming botanicals extracts and marine extract for hydrating benefits.

HOW TO APPLY: Thoroughly cleanse and dry skin. Apply a thin layer of Revealing Radiance™ Facial Peel on the face, avoiding the eye area, and massage gently into the skin. After 10 minutes, rinse skin thoroughly with warm water and pat dry.

Use two times weekly on non-consecutive evenings. Use sunscreen and limit sun exposure.

Thanks to the power of glycolic acid, skin's own natural renewal process is enhanced. Younger-looking, more radiant skin is revealed.

See clinically tested results in two weeks!*

Skin looks brighter. Skin texture is significantly improved.

Fine lines and wrinkles look reduced. Skin tone looks more even.

**Results based on a four-week independent clinical study in which 45 women used TimeWise Repair® Revealing Radiance Facial Peel twice a week*

What You Need to Know

New!

MARY KAY
NATURALLY™

Help us protect our COSMOS Natural certification!

We are so excited to enter the emerging natural skin care category with the launch of *Mary Kay Naturally*™. After extensive research, we learned that due to a lack of government regulations on the definition of “natural skin care,” there is a great deal of scrutiny on this category. That’s why we worked closely with a third party called EcoCert to earn the COSMOS Natural certification. This included a careful review of our products and marketing assets to ensure that everything we say about the certification is clear, accurate and approved.

As you promote this amazing new product line, please follow these guidelines:

- ① **Fun and compelling educational and marketing assets are available** to help you sell *Mary Kay Naturally*™ with confidence. **It is very important to use the Company assets without alteration.** Taking creative license can expose Mary Kay to potential suspension of our COSMOS Natural certification. Check out all the great assets on *Mary Kay InTouch** > Products > Product Central.
- ② **Please use approved images to avoid any misunderstanding.** Images and propping are just as important as the words. We want to avoid using any images (such as random flowers) that could potentially confuse customers about ingredients in the products.
- ③ When you talk about *Mary Kay Naturally*™, **use only the language provided about COSMOS and EcoCert.** We’ve taken great care to ensure we comply with the third-party standards. Small tweaks can make big differences.
- ④ Mary Kay defines *Mary Kay Naturally*™ products as at least 90% of ingredients are derived from natural sources processed in allowance with third-party standards – currently the COSMOS standard. Please make sure to refer to *Mary Kay Naturally*™ products as **“naturally derived”** or **“natural origin”** to align with Mary Kay’s definitions and the COSMOS standard.
- ⑤ While the current four products in the *Mary Kay Naturally*™ line are 99.49% or more naturally derived, please do not give the impression that the line will always be 99.49% or more naturally derived. Instead, reinforce the Mary Kay standard of **“at least 90 percent of ingredients are derived from natural sources.”**

MARY KAY CLINICAL SOLUTIONS™ RETINOL 0.5 SET AT-A-GLANCE

RETINOL 0.5 SET, \$120

This two-step dermocosmetic system features retinol 0.5 and calm + restore facial milk. Each product is also sold individually.

First-time users of high-concentration retinol* are recommended to follow Mary Kay's gentle retinization process, developed in association with leading dermatologists.

By gradually increasing exposure, your skin has time to adapt to the potency of this formula.

Retinized users, those who already use high-concentration retinol products, may apply retinol 0.5 every other evening for the first two weeks, then gradually increase frequency to every evening, as tolerated.

RETINOL 0.5, \$78

Mary Kay Clinical Solutions™ Retinol 0.5 delivers pure, potent retinol at a 0.5% clinically proven concentration.

In an eight-week independent clinical study of *Mary Kay Clinical Solutions™* Retinol 0.5, 100 percent of women experienced improvement in skin smoothness and skin radiance.**

The perfect nighttime supplement to most† skin care regimens, retinol 0.5 was also shown to improve the appearance of wrinkles, discoloration and loss of firmness.

CALM + RESTORE FACIAL MILK, \$50

Mary Kay Clinical Solutions™ Calm + Restore Facial Milk features plant oils (coconut, jojoba seed, safflower and olive oils) to deliver a power shot of rich fatty acids to nourish and soothe the skin.

Glycerin and sugarcane squalane are known to help prevent water loss. This benefit is essential during the retinization period when skin is prone to increased dryness.

In clinical testing, the facial milk was shown to:

- **CALM** irritated skin.††
- **DELIVER** instant hydration.††

*TimeWise Repair™ products do not contain pure retinol. TimeWise Repair™ products contain an encapsulated, controlled-release retinol that's not designed to retinize your skin. If TimeWise Repair™ products are your only source for retinol, Mary Kay recommends following the retinization process to help skin adjust to the potency of the high-concentration retinol found in *Mary Kay Clinical Solutions™* Retinol 0.5.

**Results based on an independent expert evaluator assessing 22 women during an eight-week clinical study in which women used retinol 0.5 every other night for the first two weeks, then applied nightly weeks 3-8. Data reflects the percentage of panelists who showed improvement or the percentage of improvement for an attribute compared to baseline measurements taken at the beginning of the study.

†It is not recommended for users of Clear Proof™ Acne System to supplement with retinol 0.5.

††Results based on two independent clinical studies in which women used the calm + restore facial milk. All prices are suggested retail.
